- Case dimensions 18" x 7" x 14"

PURGE IN ANY ENVIRONMENT

The ASU Purge Kit operates via an easy-to-operate manual vacuum pump, which requires no electricity. Weighing just 15 lbs., the purge kit contains all the equipment needed to purge night vision devices. Straight forward, detailed instructions enable fast and effective purging both at the maintenance facility and in the field. The kit includes a refillable 24 cu. in. dry nitrogen tank, equipped with a high-quality regulator. The kit includes adapters for AN/AVS-6 and AN/AVS-9.
